Now crochet the legs to the body.

R5. 4 sc - 4 sc in both the first leg and the body (insert hook through the leg from the inside of the leg and through the next stitch of the body) - 2 sc - 4 sc in the second leg the same way as you made the first - 10 sc (24)

Now crochet the arms to the body. Press the arm together and crochet through two stitches of the arm and through the next stitch of the body. If they're not even with the legs, just crochet them on so they are - there should be 4-5 stitches between them (depending on how tight you crochet) and the round must be 18 stitches.

Fasten off leaving a long yarn tail for assembling. Do not fill the ears with stuffing. Press the ear together and sew the sides together. Press the ear together and sew the sides together once more.

Sew the ears and tail on the body.

## NOSE

The nose is sewn on with a different color than the body. I used 6 horizontal stitches between R18 and R19 and 1 vertical stitch between R16 and R19.
