Beach Bag Kit

Ribbon Yarn

Bottom:

You should start to crochet the bag by bottom:

1st row: Make a magic ring and fill this with 7x sc. To make a sc insert the hook into the magic ring, bring up a loop and take yarn over hook then pull it through the two loops. Then close with sl st into first sc.

2nd row: Chain 1x, insert the hook into the middle part of each sc from previous row and crochet 2x sc in the same stitch. That will give to the bag bottom an extra stability and style. At the end of the row close with sl st in the first sc. To start to an upper row the closing with a sl st and then making 1x chain must be done on each row.

3rd row: In the first sc 1x sc and in the next one 2x sc into the same stitch, repeat this until last sc.

4th row: 2x single sc 1x double sc

5th row: 3x single sc 1x double sc

6th row: 4x single sc 1x double sc

7th row: 1x single sc in each sc.

8th row: 5x single sc 1x double sc

9th row: 6x single sc 1x double sc

10th row: 7x single sc 1x double sc

11th row: 1x single sc in each sc.

12th row: 1x single sc in each sc.

13th row: 1x single sc in each sc.

14th row: 3x single sc 1x double sc and so the bag base is finished.

Body:

15th row: Starting from this row, the height of the bag is crocheted. Crochet a long sc by inserting the crochet hook into the bottom of the first sc. The next sc should be short, therefore insert the hook into the upper space of the sc. The model is created by repeating this process; one long sc and one short sc. The body of the bag should be crocheted in a spiral shape without a sl st.

16-41th row: Repeat the same process to give height to your bag

42-43th row: Crochet two rows regular sc and close with a sl st and chain 1x.

44th row: At this row the handles should be crocheted, therefore set up the places for

the handles. Continue to crochet sc, by the handle part chain 30x, skip 15x sc from prev row and insert the crochet hook into 16th sc. Continue to crochet as usual sc until to the other handle part. Repeat the same process as on the first handle.

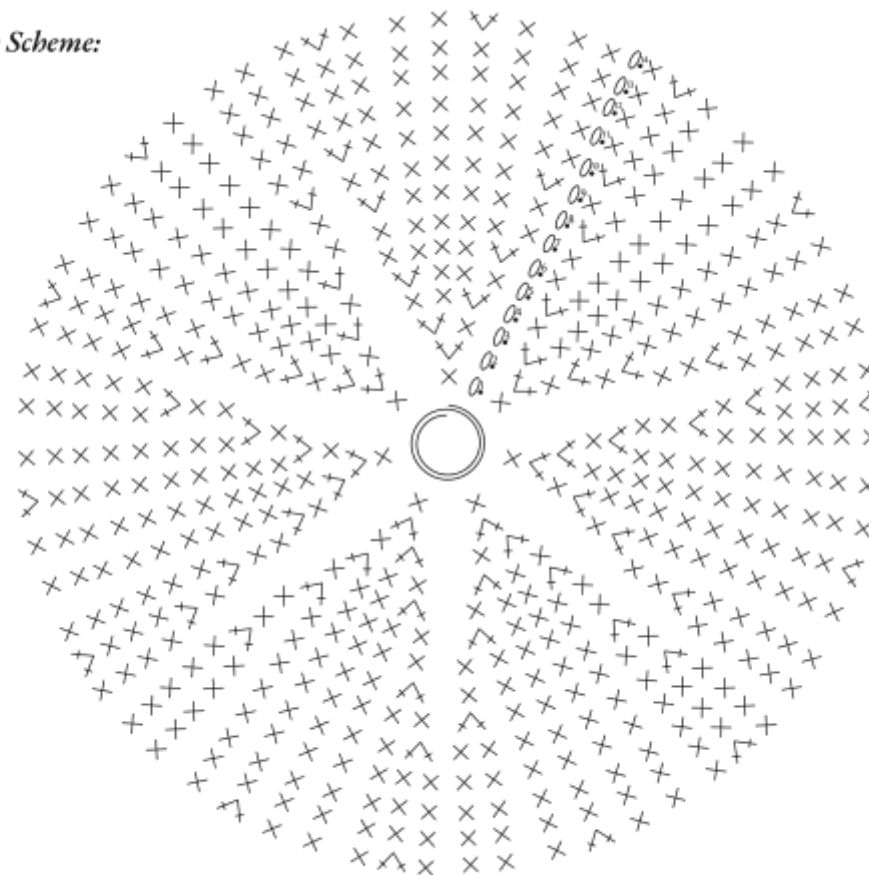

45th row: Continue to crochet sc, fill also the chain for handles with 30x sc.

46th row: Crochet one more row sc over each sc and crochet also by the handle part a long sc around the short sc's from prev row.

47th row: At the last row crochet roundabout your bag (included the sc over of handle part) sl st into each sc hole. That means the yarn is pulled out of each hole without taking again yarn over hook. That will give a smoother and firmer finish to the bag.

Your Beach Bag with Ribbon Yarn is ready to use.
